FOUNDING OPERATOR

Ayyan Khan · MoeLegacy (Muhammad Umar)

powered by AIXMOS

backed by the Watchtower

Your Founder Deal

you were chosen first — for a reason

Your brain is on us.

\$0 upfront. Full setup now.

- Full stack + setup — covered today
- Settle the \$50K over time (hourly / salary / commission)
- The backend team runs the show — you grow
- You're a founder: lowest cost, highest trust

Your only job:

keep your laptop on + online, learn, and earn.

3 Steps to Go Live

1

Join the mesh

install Tailscale, sign in (owner approves you)

```
(install Tailscale app → sign in)
```

2

Flash deploy

one command sets up your whole node

```
bash scripts/motherbox operator
```

3

Wake your brain

your laptop becomes your private AI

```
bash scripts/setup-llm.sh
```

that's it. you're online.

then just type: menu

Your Laptop = Your Brain

private · local · yours. one command picks the right one.

8 GB

a real taste — drafting, Q&A, help

16-24 GB

a capable daily business helper

32 GB

hosts everything + guides you

64 GB

full power, many tasks at once

upgrade anytime as you grow.

```
bash scripts/setup-llm.sh (or type: brain )
```

Where You Can Grow

start small. climb. learn + earn.

\$1,875

8GB — taste + leads/funnels/ads

\$3,750

16-24GB — helper + automations

\$7,500

32GB — hosts everything

\$15K

car rentals, ready to go

\$25K

credit + funding + rentals

\$35K

everything + a car (or no fee)

\$45-50K

full flash-deploy + managed store

\$100K

everything — incl. Agent HAILMARY

Your Words

type one. it does the thing.
